

## **Chemical Hand Rotary Pump**

IMPA Code 614006A 3/4"

IMPA Code 614007A 1"

IMPA Code 614008A 1 1/2"

Idea for transferring soluble, strong corrosive, volatile, not for nitric acid and other fluids are compatible with pump component materials.

Also suitable for transferring Petroleum based fluids, Transmission Fluid and water based chemicals

Body Material: PP, 304 Stainless steel.

Lift Capacity: 1.5m

Suction Capacity: 1.5m

Flow Rate: 0.3L/circle
